I can't put into words what these guys ( darren, steve, Chris and Leo) have done for me. They have bent over backwards to help make things a reality and earlier than scheduled too :) They have been so kind and professional. Even if I did give them more challenges than necessary. Highly recommended, quality products and service. Thank you so much for everything you have done and what a valentines present haha thanks again . You guys really have made my day. Take care all of you.

Had my custom building made for Leeds Xmas market. Tony's Greek Gyros Street Food Stall. Darren made it to open at front so I could serve people and get my equipment in and out. He even went out his way and delivered it on a Sunday night at 7pm when market closed ready for Monday. Can't thank him enough. 5 stars

Darren and Chris have done an excellent job with our new shed. They were so helpful, approachable, friendly, did everything in a timely manner and were very cooperative. They probably won't say the same about me and my husband, but we don't need a review 🙄 If it's sheds you need, don't look any further!
